This is in response to your letter of June 15, 2006, regarding the Amended July Quarterly Report (4/1/05-6/30/05) for the Boren for Congress 2006 committee (C00410829). The amended report disclosed a substantial increase in the amount of receipts from the original report because there was in excess of \$9,000 in contributions that had originally been reported on the July Quarterly Report for the Boren for Congress committee (C00392480) as 2004 Debt Retirement. Because these contributions were not specifically noted for debt retirement, they were moved to the 2006 Primary in the Boren for Congress 2006 committee. If you need any additional information, please let me know.
